Year of Report : 2011 – 12

PART A

Plan of action for the year 2011 – 12

The sustenance and enhancement of the quality of education, in the existing scenario of higher education, has been the prime concern of the IQAC in our institution. As a sincere effort to adhere to its prime concerns, the IQAC pin-pointed the specific areas that need attention and, and prepared the following plan of action for the academic year 2011–12 :

1. With a view to motivate the faculty members to keep themselves updated and to give the students an exposure to research activities, it was decided to organize seminars and workshops on different subjects in the institution.
2. Boosting up research activity.
3. Promotion of basic research activity among students by encouraging and guiding them to participate and present papers in seminars.
4. Guidance to students for competitive exams to enter into various services.
5. Guest lectures of experts on topics of interest and benefit to the students.
6. Enhancement of extra-curricular activities to bring forth the latent talents of the students in various fields.

7. Enrichment of library and up-gradation of automation.
8. Promotion of library orientation among students by assigning specific periods for library in the regular time-table.
9. Technical up-gradation of students.

PART- B

1 Activities Reflecting the goals and objective of the institution

- ❖ Providing value based higher education, especially to the youth of socially and economically backward section of the society.
- ❖ Developing civic sense among the youth through various academic and co-curricular activities to make them the responsible citizens of the country.
- ❖ Creating awareness among the youth against the prevailing social evils in order to bring positive change in the society.
- ❖ Providing platform to the young students through various extracurricular activities to bring forth their latent talents.
- ❖ Making youth aware of their important role in the social upliftment and the development of the nation
- ❖ Making student well acquainted with the technological changes in teaching and learning through daily tele lecture series on various curricular topics initiated by the Department of Higher Education, Gujarat on BISAG (An educational channel) and ITC aided teaching and learning at college level.

2 New academic programmes initiated (UG and PG)- None

3 Innovations in curricular design and transaction:

The institution is an affiliated college to Gujarat University Ahmedabad. Curricular designing is the responsibility of the Board of Studies appointed by the university. The institution does not have an independent role in designing the curricula as per the rules of the university. The institution has only to implement and impart the curricula prepared by the Board of studies of the University. However, our faculty members offer their suggestion to the members of the Board of studies of their respective subjects either during personal conversation or through friendly letters on personal basis. The transaction of the curricula to the students is done, by the faculty members, in a well planned manner. The teaching plans are prepared by the faculty members well in advance in the beginning of the year. The follow up of the effective as well as careful implementation of the teaching plan is done by the principal throughout the year. The faculty members adopt innovative methods with the use of modern teaching aids and evaluative methods for the most effective transaction of the curricula.

4 Inter-disciplinary programmes started :

The institution has not started any specific inter-disciplinary programme. However, an inter-disciplinary approach has been adopted by the institution in all its co-curricular as well as extra-curricular activities on the campus. Not only the faculty members but the students also actively participate in the activities of other subjects and departments.

5. Examination reforms implemented:

The examination rules, regulations, schedules and pattern are decided by the affiliating university. The institution has no right to make any change or modification in the pattern and schedule or the rules. However, the institution has adopted the strategy of conducting all the examinations, internals or externals, in the most impartial manner, adhering strictly to the rules, regulations and discipline of the examination in the fairest way.

6. Candidates qualified: NET/ SLET/ GATE etc. : None

7. Initiative towards faculty development programme:

The institution believes in the ideology that the quality can sustain only if the faculty members are updated with the current developments in their respective subjects. The institution has, therefore, always shown a keen interest in the development of the faculty members. The list of the participation of the faculty members in various conferences, seminars and workshops, as provided in the Part A of the report, positively supports the claim of the institution. Majority of the faculty members have already completed their Orientation and Refresher courses. To keep the faculty members updated with the technology, they have been allowed a free access to computers and internet as the institution has got twelve broadband internet connections on the campus.
